### **Mainsail (VSM-2)**

This is an all purpose mainsail for all conditions, the sail is designed using a radial panel layout which allows better orientation of the fabric and offers maximum shape retention in high load areas of the sail. With more radial panels than a conventional crosscut sail we can apply shaping exactly where it is needed to make an extremely smooth and accurate sail shape. The sail comes complete with insignia, numbers, battens, tell tails and sailbag.

Price (Ex VAT & Delivery)

**Euro €590.00**

### **Jib (VJ-2)**

This all purpose radial jib offers maximum shape retention in high load areas of the sail by using better cloth orientation. Careful positioning of shape will ensure that this sail will perform very well across the wind range. The sail comes complete with window, tell tails and sailbag.

Price (Ex VAT & Delivery)

**Euro €325.00**

### **Spinnaker (VSR-1)**

This all purpose spinnaker is built from a 0.75oz nylon, the sail comes complete with numbers and sail bag

Price (Ex VAT & Delivery)

**Euro €445.00**
